Dear Constituent,

As part of my pledge to represent your views in Parliament, I have regularly consulted with you on important issues through my community mailings and online surveys. This feedback, along with the hundreds of letters and thousands of emails, helps me to better represent the community — even if it is not always in line with my party's position.

This is my annual community survey and the results greatly determine how I prioritize my time and energy on the issues of most importance to our community. The list of issues is based on the most popular issues I have received correspondence on in the past year.

I hope you are able to appreciate the importance of returning my community surveys to ensure that I represent our community accurately on the issues. I read each of the responses and value the perspectives people share with me.

My monthly email newsletter provides the community survey results and I would encourage you to sign up at www.lenwebber.ca. The past few months have shown that electronic communications are both an efficient and effective way for me to share important information with you.

In closing, I would like to encourage everyone to support our local businesses during this critical period. Your patronage is important in determining how quickly we can get our local economy to rebound. I would also like to thank all the workers who continued to work throughout the pandemic to ensure we always have access to essential services.

While we have been distancing, I think we have all come a little closer as a community.

Kind regards,

Len Webber, MP
