

Bring It Home!

In recent months many Canadians started to take a closer look at Conservative Leader Pierre Poilievre and Canada's Common Sense Conservatives.

Many in our community are struggling and they know Canada needs a change if we are going to correct course. We need to work together to fix our country and our community.

Quite simply, we had a deal: You work hard, you get a home, a safe neighbourhood, a good living and a good life. After eight years of Liberal government, that deal, just like everything else, is broken. The Liberals are out of touch and Canadians are out of money.

In a costly coalition with the NDP, our out-of-touch Prime Minister Justin Trudeau has run up more debt than all other Prime Ministers combined yet everything feels broken. Most Canadians are unable to name anything that works better than it did eight years ago — whether it be the immigration system, housing, healthcare, airports or passports.

Life costs more. Work doesn't pay. Housing costs have doubled. Streets

are filled with crime and drugs, despair and disorder.

We have a federal government that routinely divides Canadians instead of drawing us together as a nation. If Canadians are fighting each other, then we are not working together to solve our shared problems.

Pierre Poilievre and our Conservative team stands for the common sense of the common people united for our common home: Canada.

The Common Sense Conservatives will bring home a Canada that works for the people who have done the work — in the factory, on the land, at the office, and everywhere else.

Our plan will bring home a Canada where everyone who works hard brings home a good living and a great life.

Let me know what you think of our common sense plan by filling out the attached survey.

BRING HOME powerful paycheques

- ✓ Cutting taxes and clawbacks that punish work, so you keep more of each dollar earned
- ✓ Remove gatekeepers so immigrant doctors and nurses can treat patients, First Nations can earn paycheques, and Canadians can build
- ✓ Greenlight projects like nuclear, hydro, carbon capture, and the mining of battery-making materials
- ✓ Remove taxes, red tape, and gatekeepers to bring home businesses, factories, pipelines, resources, and technology

BRING HOMES workers can afford

- ✓ Remove gatekeepers to free up land and speed up permits to build
- ✓ Withhold infrastructure money from big-city governments that block home building and give building bonuses to cities that quickly greenlight builders and provide affordable homes
- ✓ Require new apartments around transit stations
- ✓ Sell off federal buildings to build more homes

BRING HOME lower prices

- ✓ Capping costs and stopping government waste to bring down inflation and interest rates
- ✓ Cancel the tripling of the carbon tax to stop punishing hard-working Canadians just for buying food, filling up their cars, and heating their homes

BRING HOME safe streets

- ☒ Jail, not bail, for repeat violent offenders
- ☒ Restore mandatory prison sentences for gun crimes
- ☒ Keep the worst criminals off the streets and behind bars
- ☒ Cancel Trudeau's costly gun grab on hunters and licensed firearms owners and use the savings to stop drug smuggling at our borders
- ☒ Keep hard drugs illegal and offer people struggling with mental illness and addictions hope and treatment, not taxpayer funded drugs and suicide
- ☒ Sue Big Pharma for causing the opioid crisis and use the proceeds of the lawsuit for rehab services to bring our loved ones home, drug-free

BRING HOME freedom

- ☒ Protect our country against foreign threats and government overreach here at home
- ☒ Rebuild our military at home and our alliances abroad
- ☒ Stop woke censorship on campus and online
- ☒ Make Canada the freest country on earth
